

# nora Pads

Developed as part of the nora pro clean™ system, which eliminates the need to use harsh, unfriendly cleaning detergents on your nora® rubber flooring. The combination of nora’s unique, dense, nonporous, and dirt-repellent surface, water and our exclusive scrubbing pads provides a more cost-effective and sustainable cleaning solution. The continuous use of this system will make your nora flooring more resistant to scuffs and staining over time.
